Software Engineer · Security Engineer · AppSec · New York, NY

3 years building and shipping production web products and APIs — from architecture to deployment. Skilled at securing production environments, conducting application audits and running penetration tests, between France and the US.

## EXPERIENCE

### Security Engineer

Sep 2025 – Feb 2026

Komodo Health · New York, NY

- ▶ Deployed Snyk DAST/SAST pipelines into CI/CD across 150+ repos and 15 web apps/APIs
- ▶ Identified 40+ high/critical vulnerabilities in critical environments; drove remediation with engineering teams
- ▶ Audited 3 production APIs in the scope of 2 SOC 2 controls, operated on AWS

### Security Analyst

Aug 2023 – Jun 2024

DND Agency · Lille, France

- ▶ Ran 5 black/grey-box pentests — avg 4 critical/high vulnerabilities per engagement
- ▶ Audited 30+ medical establishments — delivered detailed security reports across healthcare and retirement sectors
- ▶ Developed internal Python tooling to streamline report writing — 70% time reduction without compromising quality

## PROJECTS

### Revy

2024 – 2026

B2B SaaS · Accounting Intelligence

- ▶ Multi-tenant SaaS for accounting firms — avg €1M–5M revenue per client imported, 5 partner firms
- ▶ OAuth2 auth, AES-256 encryption at rest, zero-trust architecture, end-to-end PII anonymization

### Feelens

2025 – 2026

FinTech SaaS · Bank-Fee Analysis

- ▶ Automated analysis of \$500K+ in U.S. corporate bank fees — avg \$25K saved per client per year
- ▶ JWT authentication, end-to-end data encryption, row-level security policies, zero-trust data access

## SKILLS

**LANGUAGES** Python · TypeScript · JavaScript · C/C++ · Bash

**FRONTEND** Next.js · React · Tailwind CSS · HTML/CSS

**BACKEND** Node.js · Express · FastAPI · REST APIs

**DATABASES** PostgreSQL · Supabase · MySQL · MongoDB

**SECURITY** Pentest · SAST/DAST · OWASP · Burp Suite · Snyk · Tenable

**CLOUD/OPS** AWS · Docker · CI/CD · GitHub Actions · Linux · Kali Linux

**TOOLS** Git · Vercel · Railway · Postman · Proxyman

## EDUCATION

### MSc Software Engineering

2021 – Expected Sep 2026

Epitech · Lille, France

### Certificate in Data Science & Cybersecurity

2024 – 2025

UCLA · Los Angeles, CA

French (Native) · English (Professional)

New York, NY · Open to full-time opportunities
